IMUC 2017: Early Bird Registration is now open!

We are so pleased to announce that we are now accepting **Early Bird Registration** for IMUC 2017! The annual conference will be held in beautiful Whistler BC at the Fairmont Chateau Whistler Hotel, October 16th - 18th, 2017.

For more info, check out our [dedicated IMUC page](#). It includes links for Conference registration, Hotel registration and other cool info like transportation and travel options!

On this year's registration form, we are asking if you are going to attend the social event, and also what conference areas you are most interested in attending, to help us with room planning!

This year's conference promises to be the best yet - don't miss out, it always **books up quickly!**

In Budget and Forecasting News

Many of you have already upgraded to the new and improved Budget and Forecasting! And to you, I say "*Welcome!*"

If you're still wondering what all the fuss is about, we created a cool new series of overview videos that you can check out to take a look at the changes and how they may impact your budget workflow!

If you have upgraded or are just preparing to, be sure to [reach out to me for some upgrade Training](#) - fun, onsite and guaranteed to give you the tools you need to get up and running without the usual stress that Budgets has to offer!

We also wanted to let you know that for all clients upgrading, we are pleased to announce that we have launched our much-anticipated (and highly acclaimed!!) **Budget and Forecast Training Video Series!**

This video series features training and workflow options for each of the Budget and Forecasting modules including Budget Development, Budget Admin and Approvals, In-Year Forecasting, Position Planning and Multi-Year Planning.

Just [email me](#) and let's get these set up right in your own FAST environment for quick, on-demand access for all end users! We will also include the General and Site Admin videos at no extra cost! This allows an unlimited number of end users an unlimited number of concurrent views!

And just to sweeten the deal, if your organization subscribes to 3 or more training video packages, we take 10% off the total for your annual price!

Cool New Features Alert!

Let's talk FAST JV, Web Req and Budget Transfers for a moment...

Did you know that you can ensure that your uploaded supporting documents can remain confidential when you attach them to a transaction or document? In other words, you can guarantee that they will not flow through to the document page in FAST Finance Reporting.

There is a really cool (rarely used) little "confidential" indicator that you can either select, or apply as the default for your favourite data entry app!

Column Level Custom Filters

For those of you using FAST Column Level Custom Filters, we have a cool and exciting new feature to tell you about! And actually, for those of you NOT using Column Level Filters, what are you waiting for?? It's one of the easiest and best ways to refine your report data right on the page!

By popular demand, we've added the ability to filter based on **NULL** or **NOT NULL** values at the column level!

FAST Student Reporting enhancements

For those who have not been keeping up, FAST Student Reporting has been evolving at a pretty FAST pace!

We've recently added some very cool reports that your Registrar's Office and even de-centralized academic units may want to know about!

[Email us for an online demo](#) to see what **FAST Student Reporting** can do for you!
