

## Upgrade Training now available for enhancements as of FAST Version 4.4

Welcome to the New and Improved FAST!

...Let us give you the full tour!

We have made significant (and yes, awesome!) updates to:

- FAST Dashboarding
- Pinned Reports
- Graphing
- Report Sharing Options

We are offering **dedicated training programs** to help ease the transition and minimize stress for your Administrators as well as your end user groups. FAST changes so quickly that it may sometimes seem hard to keep up – but that’s where we come in! Take the stress out of that process and let us handle what we do best – and that’s getting your user groups up to speed quickly and comfortably!

Our training programs are informative, highly valuable and yep, even fun! We train your on-campus user groups, your dedicated Admin teams, and we offer train-the-trainer delivery models to supplement your own internal training programs when you just need a hand keeping on top of all the new features.

We are pleased to offer Custom Onsite Client Training for the 4.4 upgrade which offers:

- ✓ 2 days onsite with our resident FAST Trainer
- ✓ Pre-visit goal setting to map out exactly the course structure and content that will best suit your needs
- ✓ Custom Training Courses
- ✓ Classroom or Computer Lab (hands-on) Courses for practice and confidence
- ✓ Intensive Administration Training for proper set-up, application management and administrative functionality
- ✓ Client-specific data and configuration for a more realistic training experience
- ✓ Train-the-Trainer and/or End User training delivery models available
- ✓ “Best Practice” training options available to review process
- ✓ Take-away training materials
- ✓ De-brief with Team Leads

What can you expect to get out of the onsite Training package?

- ✓ A comfortable and seamless transition to the latest FAST version
- ✓ A more informed user group base
- ✓ Way less stress than trying to manage it on your own!
- ✓ End users who can make the most of the latest and greatest FAST tools, tips, tricks and time-saving functionality

The cost to you?

The standard 2-day program is \$4500 and additional days (on the same trip) can be added on at the *à la carte* rate of \$1500 per day.

\*travel expenses will be billed as incurred

\*extra day(s) can be purchased for training on any FAST Application
