

Turning Insights into Action for Higher Education Administration

Millennium provides reporting and analytics software for higher education institutions so they can have timely access and better insight into the data.

Our FAST software is a pre-built administrative software solution developed specifically for the Higher Education market. FAST is a secure, web based and easy to implement solution that integrates with major ERP systems such as Ellucian Banner or Oracle PeopleSoft.

We offer pre-configured reporting for Financial, Human Resources, Student Affairs, and Financial Aid administrators and several data entry applications built to extend and enhance your existing ERP solution.

At a glance...

- ✓ Solutions for Finance, Human Resources, Student Affairs, and Financial Aid.
- ✓ Specialized and unique integration with Banner (Ellucian) and PeopleSoft software.
 - Proven turnkey solution
 - Self Service and automated delivery of data
 - Dashboards, analytics and visualizations
 - Advanced security models
 - DIY reports and data entry pages
- ✓ Comprehensive training plan to ensure you are making the most of our products.
- ✓ More than 45 customers representing colleges and universities of all sizes in the US, Canada and Australia.
- ✓ Founded in 1994.

See how it works...

FAST can be set up in a matter of hours with the data in your existing administrative software system so you can improve collection, visibility, understanding, and sharing of important financial and operational data. FAST even lets you schedule report distribution and utilizes existing roles and permissions to control access to information.
