

FASTHR

Case: 46648 Add NTRSALB columns to Pay Grades table

Add Step and Step Amount from Salary Grade B table.

Case: 46690 Payroll Year/Payno Filter box

Added a CALENDAR PAYNO filter in the format of 202008 (Calendar Year and Pay No) to Earnings, Deduction and Payroll detail pages.

Users can selectively filter on specific years and periods for reporting over different calendar or fiscal years.

Global Changes That Affect All Applications

Case: 46455 Pinned Reports Admin Report issue

An error causing '# with View/Edit Access' column to display incorrectly has been resolved.

Case: 46562 Add visual indicator to Document Chat button to indicate if a chat dialogue exists

Added a visual indicator to indicate whether a chat exists/existed for that document. Currently this is used with WebReq (Requisition) and Student (Grade Approval) .

Case: 46563 Set XLSX output row height

Created a global system wide configuration setting #5105 "Default XLSX export row height" under Site Administration to control the row height setting when exporting reports to Excel.

Case: 46570 Default negative values in filters

Fixed a bug when a Numeric Comparebox filter was set to be mandatory but did not have a range set: the default value of the filter would show as -999999999999.99. It will not show a default value of 0.
